Mr. Louis C. Wyman, Counsel

Congress of the United States
Room 216

Dear Mr. Wyman:

Reference is made to our telephone conversation of 8 July regarding maps of Germany which you desire. A selection is enclosed herewith, including maps showing the occupation zones in Germany and the zones of administration in Berlin.

You will note that certain of these maps are classified "restricted," while the remainder are unclassified. It is requested that, should you publish these maps or refer to them in any text, all reference to the Central Intelligence Agency be deleted.

As suggested in our telephone conversation, if you will channel further requests to this Agency through my office, we will attempt to give you prompt service.

Sincerely yours,

Walter L. Pforzheimer
